3. Desired outcomes		
Indicator	<i>Desired outcomes</i>	<i>Success criteria</i>
1	The engagement of all pupils in regular physical activity.	Continue to monitor and see an increase in the number of children taking part in extra-curricular activity each week.
2	The profile of PE to be raised across the school as a tool for whole school improvement.	The number of children able to swim 25 meters, able to swim using different strokes and able to perform basic lifesaving skills in each year group to improve from last year.

3	Increased confidence, knowledge and skills of all staff teaching PE and sport.	Support to be given and colleagues' evaluations of the support they receive to show an increase in confidence and the assessment of their pupils to show the progress being made.
4	Broader experience of a range of sports and activities offered to all pupils.	Review extra-curricular activities at least termly and have seasonal after school clubs to prepare children for local or regional competitions.
5	Increased participation in competitive sport.	Continue to have the majority of the children taking part in something extra in the school year and the number of children taking part each week to continue to go up.

CPD for staff- for example pay for supply teachers to cover for staff to attend courses or for subject leader to monitor and observe across the school. We will also contact Coles Green Tennis Club to rearrange the proposed tennis programme planned for last year.	The level of confidence in teaching PE varies from teacher to teacher, if we can up skill colleagues, increase confidence and implement certain strategies we can work towards consistently good PE across the school.	Teacher's evaluations on the support they have received, lesson observations, learning walks and discussions.	JC	Termly
			Total budgeted cost	Remainder of budget.
