Another week of fantastic work from our amazing SUPER STARS from Nursery to Year 6. You are AMAZING!

The Personal Development of our pupils is important to us,

At Braintcroft, we nurture happy, healthy young people to gain the knowledge, academic achievement and strength of character to lead safe and successful lives in modern Britain, preparing them for their next steps in education with a thirst for lifelong learning. We ensure that every member of our school community knows that we are committed to supporting their physical health, safety, and emotional wellbeing throughout their journey with us. We promote Personal Development as a whole-school approach. All our pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of the school and the wider community. In doing so, pupils learn to recognise their own worth, develop a sense of their own identity and the ability to take their place in the community as well as respect for, and working with, others. There are many avenues throughout the school which drives our personal development curriculum forward

This week our pupils had a range of academic and extra-curricular activities which they thoroughly enjoyed. Pancake Day baking and eating in Year 1 as a one off treat, Archery, Kurling, Football and Reading After School Clubs.

On Thursday they dressed up as book characters for World Book Day, then had an author (Abiola Bello) in on Friday. Year 5's visited the Jewish Museum as part of their RE learning and Year 4's had their weekly Scientist for their after school club.

Pancake Day for Year 1

Mother and grandmother who visited on World Book Day

The Incredible Hulk and Friends

WORLD BOOK DAY WAS AMAZING!

Pupils were proud to dress in their characters as well as read to their peers and teachers.

YEAR 5 PUPILS AT JEWISH MUSEUM

AUTHOR ABIOLA BELLO VISITED US.

ARCHERY CLUB AND YEAR 1 WRITERS

An inspirational author who gave our pupils tools for writing through question and answer sessions,

This week we were learning about states of matter - solids liquids and gases. We talked about the different examples of each state and what makes something a gas, liquid or solid.
Kenzo: I like the fact that we are always making things and testing weather they work.
Kamer: science club is so cool and we make things.
Mustafa: I like how we do projects and experiments.
Iman: I like the new things we learn and the things we make. These are quotes from a few of them.

SCIENCE CLUB IS EVERY FRIDAY AFTER SCHOOL WELL DONE TO YEAR 4.

16:16

OUR SCHOOL MANTRA:

SUCCESS in everything we do, PERSEVERANCE to make dreams come true. INTEGRITY and honesty that is who we are, RESILIENCE to stretch and reach for the stars. INDEPENDENCE to make decisions to learn and grow. THOUGHTFULNESS of
